Subject: PEER/CDPHE/EPA Meeting - Please Respond by noon, Monday, Feb 6

Good afternoon.

EPA drafted the attached agenda for our meeting on February 7th in a format that allows all parties to provide input and openly exchange information related to air quality issues in Colorado.

I am requesting that CDPHE, PEER, CBD and Earthjustice each provide me with a couple of discussion items (as a bullet point) that I can list under their respective agenda item. I wasn't clear which discussion items in the draft agenda that Chandra sent out on Monday to put under agenda items 6, 7 and 8 in the attached, respectively, for PEER, CBD and Earthjustice, so I didn't attempt to parse those items out in the attached agenda.

Please respond to me asap, but no later than noon on Monday, February 6th, so I can send out a final agenda Monday afternoon.

Thanks all and have a great weekend.

Hi Monica,
Thanks again for getting this meeting schedule! I've attached a proposed agenda. I hope that I was able to get everyone's titles correct— lots of changes at EPA!

One thing, I saw the meeting invite go out again and I wanted to see if it would be possible to add Ryan Maher and Jeff Ruch copied here. They are both working closely on the issues. What do you think? They will attend remotely.

I am looking forward to meeting everyone live, hearing everyone's thoughts on the issues we are raising, and ideally seeing us reach some consensus.

Best,
Chandra

Hi Chandra.

I wanted to check in with you and see if you have any specific agenda items you all would like to discuss at our meeting on February 7th? I will be reaching out to CDPHE for their input also and would like to have at least a draft agenda by the end of next week (Feb 3rd).

Thanks and please let me know.
